

Cross Border Transactions

With over 25 years of experience in the field, our firm provides comprehensive legal services to facilitate cross-border transactions and assist clients in achieving their international business goals. Our team has extensive experience advising clients across various sectors, including construction, consumer goods, renewable energy and oil and gas, entertainment, finance, hospitality, manufacturing, media, mining, retail, technology, and telecommunications.

International Commercial Contracts

We offer assistance with negotiations and drafting of commercial agreements related to international business activities, including supply and service agreements, technology and intellectual property transfer agreements, franchising agreements, and other commercial agreements. Our team works closely with clients to develop customized solutions that meet their needs and objectives.

International Trade Compliance and Regulation

Our team provides consultations on compliance with rules and regulations governing international trade, including import-export control, customs regulation, and sanctions. We advise clients on complying with economic and trade sanctions imposed by various states and international organizations. Our International Trade Compliance and Regulation specialists help clients minimize the risks of violating international trade rules and reduce potential penalties and sanctions.

International Taxation Planning

In cooperation with our net of international tax consultants, we provide assistance in developing and implementing the most advantageous tax strategies for international business activities. Our services include identifying the most tax-efficient structures for cross-border transactions, tax obligation optimization, and reducing the risk of tax disputes. We ensure compliance with relevant tax laws and regulations to help clients achieve their goals.

Global Customs and Trade Facilitation Law

We offer assistance in complying with international trade rules and interacting with customs authorities in various jurisdictions. Our team provides guidance on customs regulations, import-export control, and trade facilitation measures. We help clients navigate complex customs procedures and regulations to ensure smooth cross-border trade.

International IP Protection and Licensing

In cooperation with our net of international IP consultants, our team offers assistance in protecting intellectual property in different countries, as well as licensing and commercializing it. We provide guidance

on intellectual property licensing agreements, registration and enforcement of trademarks and patents, and other related issues. Our focus is on helping clients protect their intellectual property assets and maximize their value.

International Dispute Resolution

We offer assistance in resolving disputes arising from international business activities. Our team has experience in litigating cross-border disputes in multiple jurisdictions and can help clients navigate legal and regulatory issues. We work closely with clients to develop effective strategies that achieve their objectives while minimizing risks. Our services include corporate disputes, contract breaches, arbitration cases, and others.
